MEMORANDUM FOR: Deputy to the DCI for National Intelligence
SUBJECT : Unclassified Paper on Soviet Civil Defense

1. This response to your note is a little tardy; but we had some problems with the document in question.

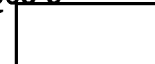

4. We see no problems in terms of source protection.

5. The idea of an unclassified paper on Soviet Civil Defense has great merit. Perhaps your representatives could meet with DDO officers and Andrew, and work out existing differences.

Remarks: I have already told all concerned we would not be replying, as requested, by noon today, and that we might have some trouble with this one.

I have not yet received comments, which he advises me are rather detailed, but I can let the NIS front office have these informally, which may be the best solution.

MEMORANDUM FOR: DDCI

SUBJECT : Transition Documents

X1 1. [] advises me that Messrs. Aaron and Inderfurth will be interested tomorrow in reviewing the types of documents provided the incoming Administration during the 1968 transition period. Unhappily, Executive Registry has no record of what specific materials were made available in 1968. There are a number of memoranda, however, recommending that certain items be provided. From these, I have constructed a list of topics which may serve as the basis for initial discussions. (I have brought some of the nomenclature up-to-date.) The list follows:

- A. Agency missions and statutory authorities.
- B. Basic organization and functions - organization charts,* functional descriptions, identification of key personnel.
- C. Budgetary and financial information. Listing of major appropriations by program category for next two fiscal years.
- D. Key Personnel: Summary biographical data and nature of appointment.*
- E. Policy and program issues; priorities.
- F. Responsibilities of the DCI.
- G. CIA and the Intelligence Community.
- H. The NFIB.
- I. The Senior Review Group; Interdepartmental Review Groups.
- J. The PFIAB.
- K. CIA Congressional Committees and Subcommittees; Legislative problems.
